

## *His Wheels International Letter*

*September 26, 2007*

Dear friends of His Wheels International Ministry,

We are excited to share with you a generous matching gift opportunity of \$5,000 we received, effective September 12, 2007 through December 21, 2007. Our generous donor will match HWI donations, dollar for dollar, up to \$5,000. We therefore invite you to participate in this unique opportunity to give twice as much as you could on your own. Listed below are the areas of ministry this money will enhance.

- Our first project is Global Trikes. This is our hand-pedaled tricycle prototyping for the disabled in third world countries. Our goal is to assist local nationals in setting up small factories whereby the abled and disabled can build trikes in their own country. We have just completed our 10<sup>th</sup> prototype of which three are already being used in African countries. Our 4<sup>th</sup> will head to Peru in November with Wheels for the World.
- Our second project is International Bikes. We purchase bicycles in African countries for nationals to use in mobilizing God's work where they serve. These bikes serve pastors, evangelists, teachers, students and others providing transportation to continue God's work. Presently we have 7 hand-pedaled tricycles and 55 bicycles in 6 African countries. We plan to expand the number of bicycles we can provide in Africa and other parts of the world enabling nationals in their work. Lord willing, health permitting, and finances allowing, we plan to send 1-2 HWI team members to Africa in 2008. We hope to raise enough funds to buy 30 bicycles while in Africa. We also hope to learn more so we can expand our vision and effectiveness for ongoing ministry.
- Our third project is National Bikes. This project involves collecting and repairing used bicycles in the US so we can distribute them to refugees, international students, missionaries, in cooperation with local churches for outreach to the underserved and for special projects like, for instance, Katrina. You can view HWI's recently updated [media fact sheet](#), within the [About Us](#) section of the website .

Thank you for your part in allowing God's work to be mobilized worldwide through His Wheels International.

In His Grasp,

Alice Teisan  
Executive Director
